Wells Prefers Antioch

"It is an honor to run for sheriff or any electoral position," said Antioch Police Chief John J. Wells. "But it is up to the individual to accept or

reject the honor."

In recent weeks Wells was the Lake County Democratic Party's first choice for candidate for county sheriff. He withdrew from consideration last week, along with former Waukegan policeman Charles "Bud" Rose.

The chief says his decision is more one of staying in Antioch than rejecting the position of sheriff. He cited living close, having his family here, and that the county job is quite

time-consuming and covers a large area.

Wells was a state trooper until assuming his present job in May 1972, when he "retired from the largest department in the state to one of a smaller scope."

"The Antioch Police Department, in my opinion, is doing an excellent job for its citizens," Wells said. "The department has progressed in two years. This is done through cooperation and

Blue skies for Saturday, July 6, is the hope of the Antioch Chamber of Commerce & Industry as it anticipates its Arts, Crafts & Antiques Fair.

The second annual event is scheduled from 9 a.m. to 4 p.m. on the sidewalks of Antioch's shopping areas.

William Barr, chairman, reports that approximately 140 of the expected 200 exhibitors have registered to date. Artists of both professional and amateur talents will be participating, with crowd of over 3,000 expected.

Several Antioch high school youths will be exhibiting their work, said Barr. In addition, the U.S. Army will have a 60-piece war exhibit of oil and water

paintings on display inside the banking institutions.

ADDING TO the day's festivities, a Charmglow gas grill and many other prizes will be given away to viewers. Registration forms can be filled out in any Antioch chamber-members store on the day of the fair.

The artists, artisans and collectors will also vie for awards, including \$500 in cash prizes and numerous purchase awards. Best of Show prize is \$150, and the arts and crafts categories each have \$75, \$50 and \$25 prizes.

A special student award (under 18) will be given, and Antioch businessmen have posted purchase awards to

insure exhibitors of sales of a substantial part of their artwork.

ART WORKS will be judged from 10 a.m. until 12 noon and awards will be presented at 2 p.m. Purchase awards will be selected and made periodically. These awards will be on display two weeks following the fair in Antioch's three financial institutions.

Barr and chamber executive secretary Chris Pionki have been working with a committee of 20 on the event. The fair, with a purpose of getting people acquainted with Antioch, costs about \$2,000. Therefore, local support and donations from businessmen are needed to make the event a reality.

Registration fee for participants is \$7, with no restriction on the number of works offered. A minimum of 10 feet is allotted with each fee, on a first-come, first-served basis. Registration deadline is Saturday, June 29, with a \$1 penalty after that date.

Exhibitors are to check in at the registration desk (Antioch High School) before setting up. Sales are to be reported to the desk at the end of the day for the sponsor to compile a total sales record.

Food booths, sponsored by service organizations, church

and youth groups, will provide a variety of food and drink to be purchased in the exhibition areas.

Questions should be directed to the Chamber office, 966 Victoria Ave., (395-3381), between 8 a.m. and 12 noon, Monday through Friday.

'Precious Cargo'

Quick passage of school safety bus legislation pending in the General Assembly has been urged by Michael J. Howlett, Secretary of State.

Although the proposals have spectacular support in both Houses, Howlett expressed concern that they might become sidetracked or lost in the last-minute crush as the legislature rushes to adjournment.

A series of bills, sponsored by Rep. Susan Catania, a Chicago Republican, passed the House of Representatives 132 to 1, and await action in the Senate.

Two similar bills, sponsored by Sen. Bradley Glass, a Northbrook Republican, passed the Senate 47 to 0 and 52 to 0, and await action in the House.

Both sets of bills would:

1. Extend to private and parochial school busses the state safety regulations now applicable only to public school buses.
2. Require uniform state-supervised driver education programs and pupil safety education

Ask the Governor

DAN WALKER

Q. What are your plans to stabilize Illinois' economy in the coming year?

A. I want to increase services to the people of Illinois to the maximum extent possible in this time of soaring inflation, and to pay for those services by cutting waste. Employment statistics in Illinois are brighter than a year ago, according to the Statewide Summary of Employment Conditions (Feb.-March 1974), produced by the Illinois State Employment Service. Illinois' average work force is up, employment is up and unemployment is down. These are all signs of a growing economy.

During this same year, however, I reduced the state payroll. And for next fiscal year, I suggested appropriations slightly higher than in the current year, but not nearly in line with inflation.

The civilian labor force in Illinois in Jan. 1974 was 4,949,000 up 68,000 from 1973. The unemployment rate remained at four percent. But the state payroll under

my jurisdiction was reduced by more than 7,000 in that time—at a substantial saving for the taxpayer.

I have been criticized for these cuts, especially the more than 1,700 jobs in transportation and the 1,100 in mental health. But these cuts did not reduce direct patient care, nor did they reduce service to people.

Although the overall number of employees on the state payroll has been reduced, the number working in education institutions has increased. And this is the way I think it should be. Education is a top priority. For next fiscal year I have requested a total of \$2.553 billion for education. General revenue and common school fund appropriations are \$2.006 billion, and increase of \$182 million. The increase for local schools is a full eleven percent—quite a bit more than the inflation rate.

Because of savings, reallocation and tight money management, we were able to provide those substantial increases for education, while

this year's total state budget request was only \$261 million (three percent) above last year's.

If I had continued spending at the rate of the previous administration, next year's budget would have been more than \$10 billion. We have held it under \$8 billion.

Because of the savings and reallocations of state funds, we are easing the pressure on the taxpayers.

There will be no new or increased state taxes next year.

What would you like to know about state government? Gov. Dan Walker welcomes your questions. Some, with the answers, may appear in this column. Letters must give the writer's name and address. Upon request your name will be withheld. Send to: ASK THE GOVERNOR, Illinois Information Service, 201 W. Monroe St., Springfield, Ill. 62706.

national organization open to young men between the ages of 21 and 35 who are interested in serving their community.

The most notable project of the Antioch chapter this year was the pledge of \$6,000 to the Antioch Park Commission for the purchase of playground equipment for Jensen Park.

The Jaycees conduct a Cubs baseball trip each year for 50 youngsters. Other projects include a turkey shoot, shopping spree, beef sale, kite fly, hayride and parties and picnics for members and their families.

Further information about the Jaycees can be obtained from Bill Slater at the Fur, Feather & Fin (395-6050), Terry Folbrink at Stanley's (395-0873) or Tony Starcevic at the State Bank (395-2700).

The Town Crier

Hear ye!

I was lucky enough to see "The Sound of Music" at the PM & L Theater last weekend and was thoroughly delighted with the performance.

The show requires a sizable cast and I was impressed that there were no weaknesses. The whole troupe was just super. And you're going to love those seven kids who play the Von Trapp children.

It is obvious that the Antioch area has an abundance of theatrical talent.

Ken Smouse, who directs the show and plays the role of Captain von Trapp, agreed that opening night went well and was well-received by the audience.

Next Saturday night is a

sell-out, but there still were tickets left for the other dates: Friday the 28th and Friday and Saturday, July 5 and 6.

But the seats are selling, so to reserve one you should call 395-9702.

There is a rumor the run might be extended another night, to Sunday, July 7, if enough interest is shown.

EVER SINCE I came to Antioch I have wondered what the initials PM & L stood for.

Ken Smouse explained: "P" for Palette (art), "M" for Masque (drama), and "L" for Lyre (music).

Well, I guess it's back to the old grind again. Colorado sure is a terrific place, but it's always nice to be home.

Rick Johnson (1972 ACHS grad) stopped in last night to say hello and to tell us he will be leaving on July 5 for Japan. Good luck Rick and we sure hope you enjoy Japan. Hear tell that's a fun place to be.

GARY RUSH is home visiting his parents and will leave on July 5 also to go back to the Naval Academy to begin his 3rd year of studies. You're half way there now, Gar.

Mr. and Mrs. Mel Stillson

have been busy attending all the graduations in their family this month. Their granddaughter-in-law Kitty received her RN-BS degree and their two grandchildren Linda and Randy Stillson graduated from high school in DeKalb Illinois. After all the festivities, Mrs. Stillson flew to So. Dakota to attend her high school reunion. Upon returning she was met at the airport by her daughter Dee and her husband Michael Hansen and their two children. The Hansen's had arrived an hour earlier from Lagreb Yugoslavia where they teach in an American school. Dee and her

family will spend the summer with her parents on Whitewater Lake. This fall, Mrs. Stillson will return with them to Amsterdam Holland and then they will drive to Lagreb, stopping at points of interest on the way.

The parishioners of St. Peter's bid a fond adieu to Father Keusal at a farewell party given in his honor in the Church. Our prayers and best wishes will follow him always. It's nice that he won't be too far away so that we may keep in touch.

FATHER JOHNSON treated all the ladies who worked so

hard on Bingo nights to dinner and a play at Shady Lane last Sunday afternoon.

Birthday wishes this week go to Rene Bobzien and Dr. Warner on the 26th, to Don Gaa, Jr., and Glen Eppers on the 27th, to Danny Johnson on the 28th. A very special wish to Glen Amundsen who celebrates on the 30th and to Becky Herbert and Phil Pahlke who celebrate on that day also.

Also, happy anniversary to Debbie and Kevin Kelly who celebrate on June 30th. I hope you have a very lovely evening.

Don't forget to buy your

tickets for the Little League Pancake Breakfast next Saturday. Then after you've filled up you'll be in good shape to spend the rest of the day at the Arts and Crafts Fair to be held in town that day.

Hope everyone has already got their tickets for the Firemen's Dance this Saturday night. George Olisar and his band will be on hand to provide a fine evening of dancing and entertainment. The tickets are still available if you haven't already bought yours.

See ya Saturday night!

From Our Readers —

We would like to extend our sincere thanks to the 45 people who registered for the tennis classes which were to be offered at the Antioch courts. With a special thanks to those who supported the program at the village board meeting on June 17.

Unfortunately the village trustees did not approve the program and therefore the classes had to be cancelled. Apparently one of the major objections to the program was that it had not been initiated by the village. We would like to ask why a recreational program of this type has not been established in Antioch? If the board were sincerely interested in the needs of the citizens of Antioch they should have had a program established by now instead of waiting for an outside source to make the initial move.

State Bank Offers New Service

William E. Brook, president of the State Bank of Antioch, announced today that the State Bank is offering CHECK-N-CHARGE, a new service designed to allow customers to write their own personal checks for more than their checking account balance, without over-drawing their checking account.

Mr. Brook stated that CHECK-N-CHARGE will be particularly helpful to customers in taking advantage of bargain sales, handling unexpected expenses and meeting emergencies without the delay of applying for a loan each time extra money is needed. Regular State Bank personal checks are

all that is needed to use CHECK-N-CHARGE credit, upon approval, ranging from \$500 to as much as \$5000.

He emphasizes that there is no cost to the customer for CHECK-N-CHARGE service until his account is activated by writing a check for more than the balance in his checking

account, creating CHECK-N-CHARGE loan on an automatic monthly repayment plan to debit his State Bank checking account, saving both time and postage.

This new, convenient service is available by applying at the State Bank or by calling 395-2700 for an application by mail.

ABC's of Travel County Assessors Coming in July

Don't Purchase Haitian Drums

Now that summer vacations are upon us and many cruises will be taken; here is a word of caution.

The Department of Health, Education and Welfare advises us that persons traveling to Haiti or any of the various islands, should NOT purchase drums produced in Haiti.

Several cases of cutaneous anthrax have been determined to be from the drums purchased from Haiti. These drums are constructed of carved wooden cylinders having goat skin drum heads with varying amounts of attached hair.

Anthrax is an acute bacterial disease, usually of the skin, characterized by small cavities at the site of infection which develop into a depressed black scab. Untreated infections may lead to septicemia and death. The disease is caused by a bacterial organism which produces a spore highly resistant to disinfection. These infectious spores may persist on a contaminated item for many years.

I know this is one item everyone wants to bring back as a souvenir; but don't take a chance. These drums are contaminated and should not be brought into this country in any way, shape or form.

Barb Corbin

Lake County assessors will be working in Antioch township early in July.

The township office said that the assessors will be carrying identification to inform residents that they are official representations of the county. The assessors will be check-

ing parcels of land and dwellings in most Antioch township subdivisions.

Persons wishing more information as to what areas the assessors will be working in may call the township office, 395-1545.

Warren & Co. Sells Land for Power Plant

A \$400 million Wisconsin electric power plant is slated for a development on a 300 acre farm recently sold by Michael Warren and Company, Realtors in Antioch.

The new plant in Kenosha County will include large cooling tower facilities about 60 to 80 feet high. The towers will not be of the 500-foot tall variety used in some power plants around the country. The company will spend more than 10 percent of the \$400 million dollars on pollution control,

meeting all state and federal requirements.

The town of Pleasant Prairie will receive approximately \$100 million dollars a year in utility tax payments when the plant is in operation.

"We were pleased to cooperate with another real estate firm in bringing this fine asset to Pleasant Prairie," said Mike Warren, president of the firm.

It is generally felt that this power plant will be an aid to the growth and development of the area.

Private Grant Helps Students Paint Murals

Youthful artists in Corning, N.Y., have painted colorful murals on walls of three public school buildings, according to the Business Committee on the Arts.

In a project financed by a series of Corning Glass Works Foundation grants, art students were given free creative reign. The results are works of art that brighten an old junior high school and two high school indoor swimming pools.

The foundation proposed the project in line with its interest in improved visual environment, especially in public places, and encouragement to young talent.

programs now left up to school district supervision.

3. Bar the use of chrome yellow coloring and the words "school bus" by any but buses inspected and certified as safe.

In addition, the Catania bills would strengthen requirements for padding on high-back seats and for heavy-duty, crash-resistant gas tanks.

The Glass bills also would strengthen requirements for compilations and publishing of school bus accident statistics and would permit school buses to use their four flashing red lights only when stopped. An 8-light system would be provided for eventually, with four amber lights to flash as the bus begins to slow down for a stop.

All of these provisions are recommended by the federal government. The most important proposals are mandated so that Illinois would lose federal assistance funds by failure to comply.

These bills have been given thorough hearings. Meanwhile, school bus accidents have been increasing. For the sake of our school children, this legislation must be enacted immediately, not deferred or delayed to another session. Our school buses carry the most precious cargo in the world.

Supergranny has pazzazz

By EVALYN ROZEK

Supergranny is, of course, my Grandmother. The name suits her well. I swear she accomplishes more in half a day than I do in a week.

For instance:

"Hi, Grandma. Did I call at a bad time?"

"No. I'm just finishing Dad's bedroom now. I cleaned his closet and aired his bedding and, long as I was that far, I vacuumed the mattress."

"My goodness, we are busy today, aren't we?"

"I turned the mattress too, of course."

"Of course."

(It is nearly noon and I am still trying to decide which bed to make first.)

"I made such a nice custard pudding for breakfast, and then I figured I may as well stir up a couple of batches of cookies as long as the kitchen was messy."

(Guess who served her kids Apple Jacks and Twinkies for breakfast?)

"I'm doing a few loads of laundry now and I was just stacking the dishwasher when you called."

"Grandma, I don't know how you do it."

"I've got some bread raising too, but, you know, Evalyn, I'm not as young as I used to be. I'm afraid I cheated a little this week."

"Cheated?"

"I'm making the frozen."

I guess Supergranny doesn't know that her arteries are supposed to start hardening at her age because, besides being a physical wonder, she is also sharp as the proverbial tack. She knows all about the latest kid-

napping, hijacking or murder. She's up on streaking, although she does not approve. She knows Sonny & Cher are going their separate ways and that Mia and Andre are expecting another baby. I even think that, if she put her mind to it, she could tell you how long each of the Lennon sisters have been married and how many children they now have.

Grocery shopping with Supergranny is always quite an adventure. She is often halfway out of the car while I am still considering the act of unbuckling my seat belt. I usually catch up to her somewhere in aisle two. While Supergranny methodically checks items from her list, I scratch my head and try to remember if it was bread we were out of at home, or milk. (Or both.)

Naturally, a woman with as much pazzazz as my Grandmother is not about to dress like a frump. This is what happened the last time she and I went shopping for clothes.

"Gee, Grandma, isn't this a cute dress? I'm going to try it on."

"Looks kind of skimpy to me."

"Grandma, it's a twelve. That's my size."

See? It's way too short for you, girl. And look at the shoulders! You can't even move your arms!"

"But it's a TWELVE, Grandma. I ALWAYS wear a twelve!"

"I hope you don't mind if I try it on."

"But Grandma, it's from the Young World Department! I don't want to hurt your feelings, but — omigosh, Grandma, you look GREAT!!!"

"You know," smiles Supergranny, "I never did let my figure go to pot."

It's not fair. It's just not fair. She's wearing my dress. A woman her age and she's wearing MY dress.

Oh, didn't I tell you?

Supergranny's eighty-two.

Antioch Singer Has Engagement in Milwaukee

The Lloyd Pedersen show, featuring "Broadway," will begin a two-week performance engagement July 2 through July 13 at the Ramada Inn (just off I-94 near the Airport), south of Milwaukee.

The seven-member group has appeared throughout the Midwest (as well as Reno, Nevada) in the year and a half it has been working, performing mostly for supper club and lounge audiences.

The show features Lloyd Pedersen, a talented young singer from Antioch who gained his stage experience on Antioch's own PM & L stage, under the solo spotlight in a number of clubs in Chicago, and in the great concert and dance halls in the Midwest, South and West (including the Auditorium and Aerie Crown Theatres in Chicago, the Coliseum in Denver, the Pavillion in Disneyland, Calif., and the

Steel Firms Double Spending On Pollution

A survey reveals that during the past year steel companies of the United States nearly doubled their planned short-term spending for environmental quality control facilities.

The report, issued by the American Iron and Steel Institute, covers firms producing about 98 per cent of the nation's steel.

It shows that at the beginning of this year the nation's steelmakers had budgeted \$643 million for air and water pollution control equipment scheduled to go into operation in 1974 and later years.

This is nearly twice as much as the amount similarly budgeted at the beginning of 1973.

Bank Processes License Fee Applications

William E. Brook, president of the State Bank of Antioch, has announced that the State Bank, as an authorized agent in cooperation with the office of the Secretary of State, will be processing 1975 Passenger Car Reassignment Applications during the period of July 1 through Sept. 30.

The pre-printed application form is a license requirement for every applicant for a 1975 Illinois auto license, and is important in the speed-up of processing and entry of license data in the state office.

No applications for reassignment will be processed without the pre-printed renewal form, issued for passenger cars only. Signatures and social security number of all owners are required on applications.

Mr. Brook said applications will be processed for two fees: an \$18 fee, warranted for automobiles with less than 35.0

taxable horsepower; and a \$30 fee, warranted for automobiles with more than 35.0 taxable horsepower.

Checks must be made payable to the Secretary of State for the exact amount of license fee; plates processed through the State Bank will be mailed from the office of the Secretary of State.

Franchise Sales Up and Growing

U.S. franchise sales hit a new high in 1973, a recent survey by the Department of Commerce reveals.

Sales of goods and services by franchisors in 1973 reached an estimated \$167 billion, a record figure up 16 per cent from 1972, the survey shows.

This year's franchise sales are expected to rise to \$178 billion, according to the survey, *Franchising in the Economy, 1972-74*.

Boating TIPS

From the Marine Division Owens-Corning Fiberglas Corp.

CLEAN WATER

Are the fish in your favorite waterway competing with litter for the end of your line? If so, let's try to follow some helpful hints to clear up the mess.

It only takes common sense and a little forethought to make sure your boating fun is not the cause of water pollution. Here's how:

- Always include a garbage bag with take-on-board equipment. As a further assurance against littering, keep a supply of garbage bags on the boat. Any kind of receptacle

will do as long as it leaves the boat when you do and not before.

- Place food for a day's outing in a sturdy air-tight container. Anything not eaten will remain fresh and undamaged for later use—in the container and not stale and soggy in the water.

- Inform members of your crew, that any litter thrown overboard must be personally retrieved. There should be no exceptions to this rule.

These are simple rules to follow. With a little imagination you can think of other ways to help preserve your's and everyone's natural right—clean water.

SLOBS Watch Their Weight: It's Right in Front of Them

By JERRY PFARR

For those of us who are in our 30's—including those who have been in our 30's for more than a decade—this is the annual "take off pounds" month.

It is a month of renewed determination—crash diets, situps (5 or 6 every Saturday), pushups (with the stomach never leaving the floor) and walks around the block (while the wife is doing the yardwork).

WOMEN GO in for reducing real big—they even form clubs called TOPS, which means "Take Off Pounds Sensibly" and they attend meetings and exercise and stuff.

For example: "All right, girls, repeat after me. One, two, three, four, five, six, seven, eight, nine ten. Okay, that's the exercise for the tongue, now we'll move on to the . . ."

SO, IT WAS a source of delight to discover that a group of my chubby friends have organized a backlash club called the SLOBS, which, of course, stands for "Spherical and Loyal Order of Bulging Stomachs."

The members of the SLOBS, sitting around eating at a recent meeting, made it clear to me that they are aware of the fine work the TOPS clubs have done, and they are 100% in favor of their wives dieting.

"Since she joined TOPS we no longer bump into each other on the way to the refrigerator," said a fellow called Tiny who was relaxing in an easy chair with a huge bag of popcorn.

"WE'VE HEARD about all those TOPS clubs," said a fellow who was putting cheese and ice cream on some apple pie. "They call themselves the Girdle Poppers of Jackson, Mich., the Hard Losers, the Chubby Rascals and the Tub Scouts of Indiana; and we appreciate their heroism in the Battle of the

Bulgy. But, as for us, we'd rather fry it than diet."

"Some people are sensitive and embarrassed about being pleasantly plump," he added, "but not us. We're kind of proud. Take me, I'm a big man in my city. I carry a lot of weight around town."

"Yeah," said the club's supervisor of weights and measures. "It took me 20 years of care and feeding to get this fine stomach and I'm a little attached to it."

"BUT FELLOWS," I tried to remind them, "they say if you're too heavy, you may not live long."

"We've heard that," said the supervisor of weights and measures. "That's why we eat every meal as if it might be our last. Hey, Tiny, pass the chocolate cake."

Just then the president of SLOBS lumbered across the room carrying a platter full of peanut butter and jelly sandwiches.

"WE'RE PLANNING our national convention," he said, pouring himself into an easy chair.

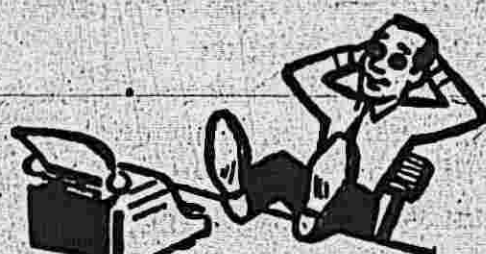

"Does your club have any rules?" I asked him.

"Most of them are club secrets, but I'll tell you one. When a wife suggests that a SLOB shovel the snow, he starts coughing and clutching his chest. It usually works."

"WE HAD a lot of trouble agreeing on a name for the club," the president confided. "Here, have a peanut butter and jelly sandwich. We all agreed on the initials (SLOBS), but some members kind of like Supreme Lovers of Banana Splits and others thought Six Large Orders of Baked Salami was kind of cute. Frankly, I thought Loyal Order of Moose was pretty good, but I hear that's being used somewhere."

"What do you fellows do at meetings?" I asked him.

the Pfarr Corner

"Oh, we just sit around and watch television and enjoy snacks. That reminds me, I think I'll have some strawberry shortcake."

"Stick around," he added. "About 10 o'clock we send out for pizza and beer."

"Don't you feel uncomfortable lugging all that extra weight around?" I asked.

"Who's lugging it around?" he said, just sitting there.

'Sound of Music' Delightful

By: Louise Gutowski

Thirty members of the Lexington House in Waukegan were the guests of PM & L last Friday evening for the dress rehearsal of the current production, "The Sound of Music."

They found the play under the direction of Ken Smouse (who also stars as Captain von Trapp) to be delightful.

The cast does an outstanding

job with Mary Beth Bentel as Maria absolutely charming the audience and the seven children who play the von Trapp children almost stole the show.

The entire cast does a great job with everyone in the play enjoying his or her part.

The players, along with Mary Beth and Ken, are Terri Rosol, Anita Cooper, Jonathan Smith,

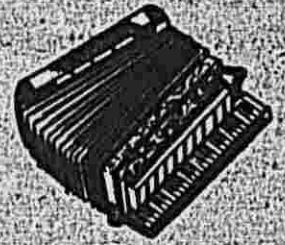

Camie Zaehler, Jennifer Beese, David Beno and Margaret Purfeerst as the von Trapp children.

Other members are Barbara Solomon, Anne Lorang, Eva Harper, Tessa Smith, Hank and Ricky Apostol, Robert McClory, Mary Chris LaKome, Tom Hausman, Tim Shields, Ray Lewis, Don Beveroth, Pat

Unnerstall, Shirley Kramer, Nanci Eberman, Betty Smouse, Laurie Beauer, Sandy Lindberg, Julie Gutowski, Cathy Rosol and Rita Rosol Shields.

Our community should be very proud of our very talented local people and make every effort to see this production. The play will be presented on June 28th and 29th and July 5th

and 6th. Opening night was sold out and the remaining tickets are going fast, so call 395-9702 for reservations. Mark those dates on your calendar and don't miss "The Sound of Music."

'Hindsight's Better Than Foresight'

Fr. Keusal Says Farewell to Antioch

by: Father Keusal

The most difficult talk I ever had to give was my farewell talk to the people of St. Peter's. I didn't know if I would be able to make it through without being emotionally hindered. Saying farewell to the Antioch Community in the written word is equally as difficult, but with the assurance that I will be able to better express myself.

Let me first say, this - a few weeks ago I wrote the fictitious story of the man falling off a mountain and praying off be saved. On being saved by a

branch sticking out from the mountain he thanked God and

said he would do anything God wanted. A voice from the heavens said, "Let go."

As a priest my preaching is only as powerful as my example. Antioch has been that branch sticking out from the mountain. I have felt very secure, very accepted by the entire community of Antioch, very happy, very satisfied. The voice came and said, "Let go." The faith I desire to share is only as powerful as the faith I live. To let go isn't easy but to hold on would be a contradiction in the word of God I preach.

I LEAVE Antioch with a heavy heart. But I leave believing that I have shared my faith and in the faith of a great people. God has been good to me and for that I am grateful beyond words. There is no doubt in my mind that after six years in Antioch I am a better man, a better Christian, a better priest.

I do wish to thank all those people who made my life in Antioch an experience that will

never be forgotten. To mention them all by name would be impossible but I do wish to express my gratitude to Father Johnson with whom I have lived, the people of St. Peter's Parish, the really great volunteer men of the Rescue Squad and Fire department, the Lions Club which frequently had me as a guest, the professional men who cared for my needs and with whom I worked, the Village officials, all the people of the community with whom I had contact, the friends I made, and especially those who accepted me as a brother.

Be assured that Antioch will always be in my prayers and I ask that Antioch remember me in theirs, that what I have learned might be shared with those who touch my life in the future.

Looking back on the six years in Antioch has indeed proved that hindsight is better than foresight.

Women of the Moose

Officer installation for the Women of the Moose was held last Saturday with the 1973-74 Chapter Development and Special Chairmen placing the emblems on the following chairmen: Louise Mezzano, Pat Helper, Pearl Roach, Lillian Sorenson, Louise Imbugia, Anita Wisniewski, Evelyn Loue, Jerri Polson, and Harriet Grewe. At a later date Mary Dilloo, Elsie Toman and Erna Toft will be installed.

The new officers and appointed officers are Senior Regent Dorothy Tralewski, Junior Graduate Regent June Ballenger, Junior Regent Norma Lowe, Chaplain Judy Cook, Recorder Cheryl Wise, Treasurer Sara Brohn, Guide Stephanie Polson, Asst. Guide Marie Voss, Sentinel Catherine Kloth, Argus Marge Hartmann and Musician Gladys Schroeder.

Millie and Dick Strohn prepared and served the food and the "Tone Beams" provided the music. Members

report it was an enjoyable evening, and offer their congratulations to the new officers.

The last meeting was called to order by Senior Regent June Ballenger and then the balloting of three new candidates took place.

Then Past Governor Al Ballenger wheeled in the senior regent's baby buggy which held her scrapbook and photo album of the past year's events. Needless to say, she was quite surprised.

The birthday march was held and the birthday girls were Estelle Gotch, Karen Bartuska and Lolly Maloney. "Share the pot" was won by Harriet Grew and the final attendance drawing for 1973-74 by Gladys Schroeder.

Class of '54 Has 20-Year Reunion

Saturday, June 22, was a night to remember for the Antioch High School graduating class of 1954 as they celebrated their 20-year reunion. In the afternoon, approximately 20 classmates toured the high school, amazed at its growth.

Class president Harold Wilson introduced the guests for the evening: Mr. Albert Dittman, former principal, and his wife; Mr. Warren Polley, superintendent, and his wife; Mrs. Carol Mapletorpe, teacher, and her husband; Mr. Dick Scott of Rockford, former basketball and baseball coach, and his wife; and Mr. Mel Stillson, retired shop teacher, and his wife. Each one gave a short talk, reminiscing about former school days, and informing

those attending what they are currently doing.

A buffet dinner was served at Paty's Lounge, followed by dancing to the Frank Cuden band. Many old favorite tunes from the 50's were played.

The committee for the reunion was Sharon Kramer, Harold Wilson, Larry and Donna Hostetter, Gail Fields, Shirley Gutowski and George Hucker. Each lady took home a lovely green plant and a booklet compiled from questionnaires sent in by classmates.

Thirty-six of the 78 classmates and their spouses attended, and plans are in the making for the 25th reunion, with hopes that more will be able to come.

Summer Bowling Tourney

Wins at Waukegan

Chicago's Bob Dotter won his first feature race at the Waukegan Speedway Sunday night when he edged Bobby Wawak at the Checkered flag.

Dotter took the lead from Bob Delaney in the 10th lap of the 30-lap race. Wawak moved into third on the 11th lap and blasted past Delaney for second in the 17th lap.

Bob Roper, winner of three features at Waukegan, was glued to Wawak's rear bumper at that point and the two caught Dotter in the 21st lap, but Roper hooked Wawak's rear bumper in the 23rd lap and spun wildly at the start-finish line and out of the race for the first time this season.

Two new feature winners moved up in the Chicagoland Driving Championship last weekend with Tom Musgrave of Mundelein winning Friday at Grundy County Speedway and Dotter picking up his first

feature of the year at Waukegan Sunday night.

Bob Roper, despite two bad nights, (Illiana was rained-out Saturday) still leads in the standings with 99-points. Larry Schuler is now second with 49-points and Tom Jones ranks third with 46.

The Carlings Black Label 'Firecracker-50' lap race will be run Wednesday night July 3rd at Waukegan Speedway. The late model super stock car division will race in the special Wednesday program topped by the 50-lap feature.

Channel Lake Chatter

Honors Day was held at Channel Lake Grade School the afternoon of the PTA sponsored picnic for the students. Those receiving perfect attendance pins were 2nd graders - Ronnie Conklin and Debby Bailey, 3rd grader Mark Damit, 4th grader Jill Harland and 5th graders, Steve Buchman, Betsy Doty and Kathy Bailey. Book report awards went to 2nd graders Susan Lemke and Jimmy Fravala.

A special award was presented to Jill and Nancy Harland who found a wallet with a large amount of money in it. The girls turned it in at the school office where it was then returned to the owner. Congratulations, Jill and Nancy.

BARB BJORK celebrated her birthday on Friday, June 14, with her family joining her for cake and coffee. Barb is now admitting to 39.

Mrs. Agda Frozeth also celebrated her birthday on June

14 with her daughter and son-in-law Lorraine and Bob Lemke and children Bob, Dave, Jeff and Sue, and family friend Dorothy Enzenbacher at a dinner party at Mr. Wonderful's.

After dinner the group went to Mrs. Frozeth's home where cake and coffee were served and many of her friends dropped by to wish her the very best birthday, ever.

FRED CHASE celebrated becoming a teenager on June 17th and Marcy Smith blew out 10 candles on her cake on June 25.

Tom and Dorothy Chase celebrated their 20th wedding anniversary with a dinner party at Marino's in New Munster.

Happy 10th anniversary to Mike and Mary Jo Zeien.

Lorraine Lemke is now home after spending last week in Victory Memorial Hospital undergoing tests.

THREE OF OUR local Upper Grade School students along with 79 of their classmates enjoyed the bus tour of Washington D.C. which departed from the school at 5 a.m. on June 10. Jim Gutowski, Chuck Baker and Holley Enzenbacher had a great time and the only comment heard was they didn't have one hamburger on the whole trip, only meals like roast beef, etc. I guess to kids, not eating hamburgers and hot dogs for a week could be a catastrophe.

Dick and Pat Harland and daughters Nancy and Jill returned Saturday from a 10-day vacation which took them to Disney World in Florida.

The Channel Lake Grade School library is open every Tuesday morning for the students in our area. Pat Harland is director and the hours are 9 to 11 a.m.

Safety is for All Seasons

For 370,000 boys and girls, nationwide, safety first is an important part of their lives all year round. Whether its winter, spring, summer or fall, youths involved in the national 4-H safety program, sponsored by General Motors, make "safety first" their goal.

Supervised by the Cooperative Extension Service, these safety-minded 4-H'ers work at school, at home, when they play, and elsewhere spreading the safety message. Working on their own, or with their family, their club or other community groups, 4-H'ers in the program participate in a wide range of activities designed to promote and encourage good safety habits and awareness.

Encouraging these safety-oriented youths with incentives and recognition is General Motors, program donor. GM provides a full schedule of awards for both outstanding individuals and groups.

A maximum of four medals of honor are offered county winners and one safety minded member from each state receives an expense-paid trip to National 4-H Congress in Chicago, Dec. 1-5. At the annual 4-H event, eight national winners are announced with each receiving a \$1,000 scholarship.

In addition, four certi-

ficates of merit are offered 4-H clubs having outstanding safety programs in each county. And ten clubs, statewide, can be similarly honored. The top safety county in each state receives a \$25 cash award.

Creating a "Safety Village" in her hometown of Ocala, Fla., where safety practices could be shown to children was just one of the 4-H safety activities of Ann Randles. A 1973 national winner in the program, the 17 year old girl inspected neighbors homes for safety hazards, conducted seminars, visited schools and distributed literature promoting proper safety habits.

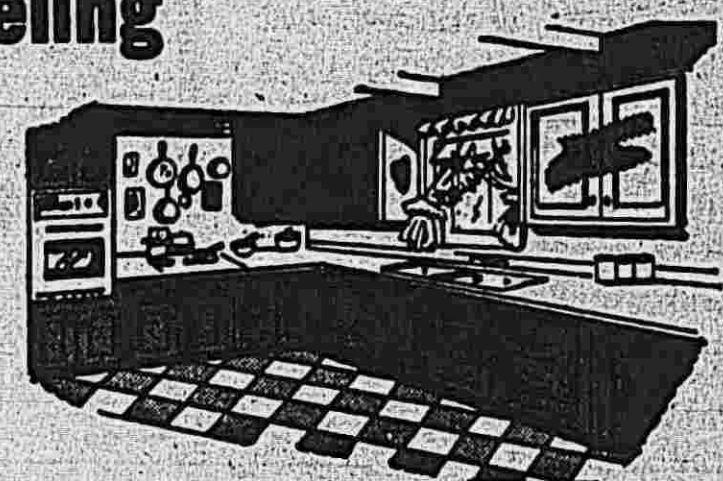

A 4-H club in Rock Island County, Ill. kept a tally on dump trucks that were littering a highway in the county, creating a safety hazard to drivers and pedestrians. Armed with the evidence, the 4-H'ers wrote county and state officials and even met with the Governor. As a result of their efforts, dump trucks in the county are now required to be covered when hauling refuse.

For more information on the 4-H safety program contact the county extension office.
